Plaintiff next moved that execution issue. Denying the motion, Judge Dickey said: "The court finds that good cause has been shown for issuance of an execution pending defendant's appeal to Circuit Court. First Circuit, which has been perfected, but denies the motion on the ground that Section 37, Laws of 1892 as amended by Section 17, Act 32, Laws of 1903, is not applicable to District Magistrates in cases where the amount involved is over \$20."

## MARION CHILCOTT

LOSES THREE MEN

**IN A BIG STORM**

The oil-carrying ship Marion Chilcott arrived from San Francisco yesterday afternoon short handed and battered from a storm which she encountered off the coast of California a few hours after she had left San Francisco.

Captain Williams in his log gives the following account of the vessel's terrible experience:

"Sept. 10, 1903, Lat. 36 deg. 45m. N., Long. 123 deg. 35m. W. Ship run into a northwest gale with heavy sea running, shipping heavy water about decks. Lost part mizen topgallant sail, main and main topmast stay sail, wind increasing to a violent gale. Kept ship before wind and sea, running under topsails and fore sails, shipping heavy seas continually. At 9 o'clock p. m. first officer had his leg badly hurt, also seaman Smith had his leg hurt with a heavy sea. Midnight wind increasing.

"Friday, Sept. 11, 1903—Gale continued to blow, ship running before sea and wind handling more northerly. At 4:30 a. m. while hauling on port fore brace three men were washed overboard and lost in Lat. 35 deg. 20 m. N., Long. 123 deg. 45 m. W. Same time No. 3 boat which was lashed on top main hatch was smashed to pieces; hatch bars broken and tarpaulin washed off. Ship rolling heavily, taking much water fore and aft. It was impossible to save the unfortunate men that washed overboard on account of the heavy gale and sea that was running. At daylight began pouring oil over the side. Towards night wind moderating.

"Names of the men that washed overboard: "S. E. H. Rasmussen, native of Denmark. "Anton P. D. Shohse, native of Denmark. "Gustaf A. H. Zveve, native of Germany.

"R. WILLIAMS, Master. "Witness: Edward Santry, 2d mate; Carl A. Mahuque, seaman; Peter Bousard, seaman; Heinrich Koeller."

After the storm was over it took the short-handed crew several days before new sails could be bent and the rest of the voyage was performed with much difficulty.

Captain Williams states that he knows but little about the men who were washed overboard as they only shipped on the vessel the day before she left.
